ABOUT ME

I'm an aspiring web developer wanting to work on exciting projects with exciting clients. I've got bags of enthusiasm, I'm very hard working and I have outstanding attention to detail. I enjoy drumming, gaming, tennis and people with a sense of humour. After working as Business Analyst I decided to re-train in front end - this is my passion.

EXPERIENCE

Capita Employee Benefits

03/2015 – 06/2015

Business Analyst

Working in a passionate AGILE SCRUM environment to deliver enhancements to the Orbit pensions and benefits platform. Experience with Atlassian tools: JIRA, Confluence.
